Career Summary

Martyn Slyper is a qualified Chartered Electrical Engineer and a Chartered IT Professional specialising in the field of assistive technology. He has many years' experience in providing consultancy, expert witness work and training in assistive technology and accessible computing for law firms, public sector organisations and charities. He has been running his own consultancy, Adapt-IT for more than 25 years.

Martyn is involved exclusively with disability issues where his particular area of expertise is assistive technology and adapting IT and technology in the home and workplace for people with disabilities. He has worked as an Expert Witness in Personal Injury, Clinical Negligence and Industrial Injury cases since 2009, either for Claimants, Defendants or as a Joint Expert Witness, currently assisting with more than 25 cases per year.

He is a member of the Expert Witness Institute.
