**SUMMARY:**

I qualified as a social worker in 2013 and have worked in children and young peoples' services since this time. I have a wealth of experience in assessing and reporting on the needs of children, young people and their families, having worked in child protection, child in need, youth offending and looked after children teams. I have experience of completing Initial Child and Family Assessments, Parenting Assessment, Risk Assessment, Section 7 reports, Viability Assessments, as well as Child Protection and Child in Need reports and ParentAssess. I have experience of working with children and young people with a diagnosis of autism and learning disabilities. I also have experience of working with individuals receiving support with end-of-life care, domestic violence, homelessness and substance misuse. I have extensive professional experience in the role of primary assessor in Merton-compliant Age Assessments and have acted as an Appropriate Adult in accordance with Police & Criminal Evidence Act 1984. I currently work as an independent social worker completing assessments and reports for local authorities, solicitors and private court cases. The fields I specialise in are the best interests of children, children and family work as well as age assessing and immigration.
